

Ella's Walk-In Tub Warranty

This limited lifetime warranty is extended to the first purchaser to be free from defects in workmanship and material under normal use and conditions from the date of the original purchase. This warranty is nontransferable and applies only to the original owner and to the original installation place (address only) and does not extend to products previously used as display models or products that have been modified or repaired by anyone else but Ella's Bubbles. The warranty is void if the ownership or original installation location is changed (tub is relocated). This warranty relates to all fittings and components included with the tub from the manufacturer. The bathtub shell, frame, and finish are covered under our limited lifetime warranty. The door is covered by limited lifetime warranty under normal use and conditions. All supporting equipment, door seal, motors, electronic controls, faucet, waste, overflow, and all plated finishes are covered under our (5) year warranty. This warranty is nontransferable and applies only to the original owner. The finish warranty does not apply to fading, cracking, delaminating or blistering due to excessive wear, sun fading or scouring due to cleaning. This warranty shall not apply to any failure resulting from negligence, abuse, misuse, misapplication, alteration, modification, or improper maintenance. Ella's Bubbles will not be liable for any incidental expenses or material charges in connection with removal or replacement of the door seal. The door warranty is valid only if the alignment of the door is not changed by applying pressure or users' weight to the door or by wrong installation. The door is designed to hold its own weight and not designed to hold user weight. Should service be required for any reason of any defect or malfunction of the product during the first five years, Ella's Bubbles will ship the part to the original customer address without charge subject to verification of the defect or malfunction. Ella's Bubbles will not be liable for any incidental expenses or material charges in connection with removal or replacement of the product or parts. Delivery time is based on parts availability and location. Normally, parts are sent out immediately. E-mailed, faxed or mailed photos of the defective product and description of the problem are required. Please forward any correspondence to us directly:
